FURTHER GAINS, NO LOSSES, IN MEN AT WORK IN THE MINES

Is the Substance of Reports From All Parts of the Coke Region.

CLOSING OF LOCAL PLANTS

Producing Coal Exclusively for Home Industries, Institutions and Buildings, Threatens to Cause Inconvenience; No Pre-Strike Preparations.

Continued, but small gains in the number of men at work, without any additional mines being thrown into wholly or in part, is the situation in the coke region today, as reported from the several affected sections.

No effort has yet been made at any plant to resume operations on a large scale but almost everywhere the recruiting of men by twos, fours or more has been going on quietly with the result that plant forces are gradually assuming larger proportions.

In the plants closest to Connellsville no material changes are reported, operations being continued on a small scale at Davidson, Trotter and Leisnering Nos. 1 and 3, with Leisnering holding its 100 per cent record.

At Vandebilt Clarissa is running all, Nellie in part.

At Star Junction no attempt is being made to operate Washington Nos. 1 and 2. A few men are working on the coke from the open yards, otherwise here is complete idleness.

Further gains are reported at all of the mines in the Indian Creek Valley which were idle some days ago. A meeting of miners was held at Day's own yesterday attended by 35 men, apparently it failed to accomplish anything in the direction of bringing more men out of the mines.

South of and in the vicinity of Smithfield a number of small mines engaged in coal production only are said to have become active again this morning. The men employed in these mines are chiefly residents of the vicinity who spend part of their time dining and the rest in farming.

The closing down of small mines adjacent to the city, which do not ship coal but sell their entire product to local consumers, threatens to very shortly cause considerable inconvenience for lack of fuel. Almost without exception no provision was made before the strike to stock coal, the impression being that there would be no interference with mines engaged in his kind of trade.

Among the establishments that will sooner or later suffer in this respect, a case the weather remains cool, are the Cottage State Hospital, the High School, the Carnegie Library, bank and office buildings, churches and domestic consumers. Already some of these consumers find it necessary to be sparing in use of coal on hand.

At the Capitan Glass Company, which has been supplied from Walnut Hill mine, natural gas is at present being used to bring No. 1 furnace up to the required temperature for being placed in use. If by the time it is ready for a steady run, which will be during the coming week, coal cannot be obtained for the producer, gas plant, it will be necessary to suspend operations until coal is available.

Vice-President P. T. Fagan of District No. 5, United Mine Workers, gave out a statement in Pittsburgh last night asserting that 85 per cent of the union mines in Fayette and Greene counties and 80 per cent of those in Westmoreland county are down as a result of the miners joining the strike movement. He gave out a list of 47 mines in Westmoreland county, among them being Maymont and Calumet both of which are running with much reduced forces.

CHANGES IN P. R. R. TIME TABLE TO BE EFFECTIVE APRIL 30

Some of the Company Will Abandon Service on Grindstone, Keister, Vanders Mill and Bute Branches.

Some slight changes will be made in the Pennsylvania Railroad schedule affecting the Southwest Branch beginning April 30. Although it had been reported the trains would be run in hour earlier to conform with the Pittsburgh and Uniontown daylight saving plans, this will not be done.

Train No. 7101, from Uniontown to Pittsburgh, will be advanced 10 minutes and will arrive here at 7:08 A. M. instead of 7:18. Train No. 7102, also from Uniontown to Pittsburgh, will be a few minutes later, leaving here at 7:25 A. M. instead of 9:25 o'clock. The evening train will be the same with the exception of No. 7100, now due at 5:15 o'clock. It will arrive three minutes later at 7:51. The morning Sunday train, No. 7601, now arriving at 7:39 o'clock will come in at 7:10 o'clock. This train also runs from Uniontown to Pittsburgh.

Trains on the Grindstone, Keister, Vanders Mill and Bute Run branches will be discontinued after April 30 and here will be no passenger service whatever on those lines. Five stations will be abandoned.

Single Drunk Arrested. One drunk was arrested yesterday, paid a \$10 forfeit and was released.

TEMPERATURE DROPS BELOW FREEZING POINT

Previous Hardening Process May Bring Fruit Crop Through Frost, Snow and Ice.

Whether the fruit crop was wiped out by last night's cold will depend it is believed, on ability of vegetation to withstand the frost and below-freezing temperature because of the previous hardening process.

Clear skies early in the night were followed by clouds and snow, the snow turning to rain during the day. While the official thermometer registered a minimum of 34, thermometers in other parts of the city dropped as low as 30.

An eight-inch of ice was reported at Ohlpylle. Ice was reported also at Leisnering. At Poplar Grove it was said there was a heavy frost.

Two inches of snow was reported at Greensburg. An Associated Press dispatch from Pittsburgh said that reports indicated three inches of snow in various parts of Western Pennsylvania but slight damage to fruit.

Frost is again forecast for tonight. The danger to fruit may be the greater, if it comes, owing to the moisture of today.

DUNBAR, April 21.—Providence seems to be on the side of the people this year, for on the three occasions when the weather men predicted heavy killing frosts and everything indicated that the weatherman's prediction was safe, Providence by friendly clouds and favorable winds prevented the frosts and saved the fruit.

The spitting of snow does no damage to the buds and the flowers in full bloom, and as yet the entire fruit crop, the promise of which was never heavier is intact. The cool weather will harden the trees and enable them to stand more severe cold than they would if not toughened by continued cold. Apple trees are now in full bloom and leaves are out, on cherry trees, their bloom having largely fallen off. All the birds are here with the exception of the orioles and swallows.

MARTINSBURG, W. Va., April 21.—Growers throughout the Martinsburg fruit district today reported that the black frost in low places last night only slightly damaged the early apples and that few buds in high places were injured. The petals on some varieties were broken by the pests in the buds were still standing up. The fruit, men and the cherry, plum and strawberry crops had been seriously injured. Snow was falling today and the growers declared the white blanket would serve as a protection from more serious danger.

MINE WORKERS CLAIM 20,000 GAIN IN WEEK

By Associated Press.

INDIANAPOLIS, April 21.—With the third week of the nation-wide idleness of the coal industry ended today, officials of the United Mine Workers at union headquarters declared that the peak strength of the strikers had not yet been reached although the number of idle miners had increased to 800,000, a gain of 20,000 during the week. Union officials said they expected further gains and added no break was threatened in the union ranks which now include many supporters in the unorganized fields.

LOCAL COMPANY LOW BIDDER ON CAMBRIA ROAD

The Penn Contracting Company of Connellsville was low bidder for the construction of two miles of road in Cambria county known as the Franklin-Lambas Bridge road when estimates were opened by the county commissioners April 17. The company bid \$75,541.60.

Bids were submitted on two other roads but they were slightly higher than the lowest offered.

Steel Prices Advance. PITTSBURGH, April 21.—Prices on bars, plates, shapes, nail and sheet bars were advanced from \$2 to \$3 a ton by a number of smaller mills in this district today. The advances were looked on as the direct operation of the law of supply and demand.

Peking Taken by Tso-Lin. PEKING, April 21.—The troops of General Chang Tso-Lin, governor of Manchuria, today took possession of Peking and Tien-Sing, replacing the local police forces of these cities. The transfer of authority was devoid of incident.

Dinner for Directors. Secretary W. P. Underwood of the Y. M. C. A. was busy this morning making arrangements for this evening's dinner which will be given the board of directors of the Baltimore & Ohio Y. M. C. A. at the Y. M. C. A. dining room. Covers will be laid for 25.

Out Kernal in Ear Causes Death. NEW HAVEN, Conn., April 21.—An out kernal which became lodged in the right ear of Peter Everson two weeks ago and sprouted brought on meningitis from which Everson died in a hospital here last night.

POLICE SEIZE 60 CASES BEER, FOUR PERSONS ARRESTED

Clinking of Bottles Arouses Hotel Guests, They Notify Officers.

LIQUOR IS CONFISCATED

Custodians Are Taken to Police Station Where Two Are Required by Chief of Police Murphy to Post \$100, Others \$50; Fall to Appear Hearing.

Sixty cases of beer were confiscated and four men were arrested by the city police last night as they were endeavoring to deliver the beverage. The prisoners gave their names as M. A. Keener, Charles Bell, Calvin Jordan, and Fred Jones. Bell gave his residence as Iron Bridge, the others Scottsdale.

The arrest of the party followed the noise made by clinking bottles when the cases struck the wall of a building in a narrow alley near the Young House. Not knowing what the noise was, persons in the hotel notified the police.

Chief Peter M. Murphy, lieutenant P. M. Rullit and Patrolman Thomas McDonald investigated and discovered the four men unloading a truck of beer. They were arrested and the moist goods transferred to the police station. Together with another consignment of beer seized some time ago when another delivery was stopped there are now about 100 or possibly more cases of the beverage in the lock-up.

Chief Murphy demanded cash bail for the release of the men charged. Keener and Bell \$100 each and the other two men \$50 each. It was after 1 o'clock when this was secured. The men did not show up this morning for a hearing.

The police did not know to whom the beer was consigned, it being said before the delivery had been made.

Millions Asked for Lock Improvement on Monongahela River

By Associated Press.

WASHINGTON, April 21.—In a report submitted to the House yesterday, army engineers recommended the appropriation of \$6,640,000 for the improvement and enlargement of the locks and dams in the Monongahela, \$2,000,000 of which is urged be made immediately available. War Department officials say the program outlined would provide ample facilities to handle traffic on the river for many years to come.

The program calls for extension of the guide and guard walls on all locks up to and including No. 6 and for the construction of two new dams to replace Nos. 7, 8 and 9, now in use. Single locks are to be provided for the two new dams in the outlet, but others will be added later if the improvement is authorized.

Federal engineers have been engaged for some time in making soundings and in surveying for new lock locations on the upper Monongahela river, where there are large tracts of coal, the development of which is being held up because of inadequate locking facilities, especially between Locks No. 7 and No. 10.

Stork Liberal With Ohlpylle Residents

Ohlpylle is coming to the front in the perpetuation of the race. In three days, including today, announcement has been made of the birth of five babies to residents or former residents of the summer resort.

Mr. and Mrs. W. R. Johnson received an announcement yesterday of their first grandchild, a son, to Mr. and Mrs. Alex J. Johnson, at their home at Smithton, on Monday, April 19. The babe tipped the scales at nine pounds and has been named Bruce Newman Johnson.

REV. STOCK INSTALLED

Becomes 12th Pastor of First Presbyterian Church, Greensburg.

GREENSBURG, April 21.—Rev. Henry B. Stock was installed as the 12th pastor of the First Presbyterian Church of Greensburg last night in the presence of a large number of members of the congregation and visitors.

Rev. Dr. Melville Alexander, pastor of the First Presbyterian Church of Pittsburgh, preached the installation sermon. Rev. Dr. Charles Schaff, pastor of the First Presbyterian Church of Wayne gave the charge to the pastor. Rev. Henry A. Riddle, Jr., pastor of the Westminster Church of Greensburg, made the charge to the people. Rev. Dr. Jones, assistant of Dr. Alexander, of Pittsburgh also spoke.

Dr. King Reported Killed. Reports were widely circulated today that Dr. Francis J. King had been killed in an automobile accident last night. "Just say that I'm very much alive today," Dr. King replied to a query as to whether there had been an accident, adding that there had not.

JOYOUS NINE MILE RUSS SILE TO DEATH

SUNBURY, April 21.—A mine found in a weakened condition on Parker's Island, near here, and 20 miles from the anthracite mines, was killed by a state cop today. It is believed that it was a mine mine that escaped from a coal and was so joyous to get out of the mines that it just naturally ran itself to death.

In the deeper anthracite mines mines are stabled in the bowels of the earth, and never see daylight while the mines are working.

Court Annuls Divorce Given E. Paul Zanes

Granted to the Court.

SCOTSDALE, April 21.—The Fayette County Court has annulled the divorce decree granted E. Paul Zanes in his suit against Della H. Zane, on May 21, 1921, according to announcement made here yesterday by Attorney Morris of Morris of counsel for the respondent.

The Zanes family formerly lived at Port William, Ontario, Can. Zanes came to Scottsdale and secured employment at the plant of the United States Cast Iron Pipe & Foundry Company. His allowance to her ceased, it was said, and Mrs. Zanes came to Scottsdale to learn the cause. She found her husband was still employed at the pipe mill but was living in Connellsville. She instituted an action for desertion and non-support before Justice of the Peace William Kennell and an order was eventually made requiring him to pay her \$60 a month for the support of herself and a minor child.

Later divorce proceedings were instituted by Zanes on the grounds of desertion. Mrs. Zanes did not appear at the hearing before the master. It was alleged afterward that she had been checked into not appearing. The divorce was granted and proceedings were immediately begun by Mrs. Zanes for the annulment. The order of annulment was received by Attorney Morris yesterday.

Some time ago Zanes resigned his position at the pipe mill. It was said, and has disappeared from his home in Connellsville. Mrs. Zanes has continued to live in Scottsdale, supporting herself by securing employment as a domestic. She is held in high esteem by those who know her.

Mr. and Mrs. Zanes are the parents of six children, only one a minor. What the next move in the case will be has not been decided.

INTERMITTENT FIGHTS KEEP UP IN IRELAND; SEVERAL ARE WOUNDED

DUBLIN, April 21.—The attack on the Wellington barracks, which began at 11 o'clock last night, continued 10 minutes when the besiegers were beaten off by the garrison of regular Republican troops. An attempt was made to push the front gate and two grenades were hurled, wounding three of the garrison. The guard refused to open the gates and the battle of the attackers was wounded.

The firing in different parts of the city while it lasted was more extensive than that of the previous night, the explosion of bombs causing the greatest alarm.

DUBLIN, April 21. A wireless station at Dundee, near Gweedore on the west Donegal seaboard has been seized by Republican forces. It was announced by the rebels. The rebels provided the navy men in charge with transportation the nearest railroad depot.

Veterans of Foreign Wars to Put on National Wide Sale of Poppies

NEW YORK, April 21.—The Veterans of Foreign Wars are putting on a national sale of Poppies for the week before Memorial Day to raise funds for relief work through the local posts, of which there are 1,600 throughout the country. The organization during the past year has taken over a great amount of relief work that was handled during the war and immediately after by the Red Cross, the War Camp Community Service and other organizations.

With the decentralization of the Veterans Bureau, the necessity for relief work has been greatly increased. Local committees have been appointed to work with other organizations. The American War Mothers' association is assisting in the effort, and numerous civic societies have already joined in offering their support.

GENERAL DEMAND FOR COMPLETION PENNSVILLE ROAD

Section Not Provided for Is 1,500 Feet in Everson Borough.

PETITIONS CIRCULATED

Will Be Forwarded to State Highway Department Urging Immediate Action So That Work Can Be Completed Before Another Winter Comes.

There is a general demand from the citizens of Everson, Scottsdale and Connellsville, together with the traveling public, for improvement of 1,500 feet of open land in the borough of Everson which will complete the final link between this city and the Mill Town of the Pennsylvania Valley-Everest road and also the main thoroughfare north and south connecting the Laurel Hill highway and the National Pike, a distance of about 10 miles.

Contractor J. J. Lick, who ceased work on the road at Valley last fall, has resumed construction and within a short time will have the improved section extended as far as Everson borough, where the contract ends. People in both Westmoreland and Fayette counties are writing to the State Highway Department asking that the remaining 1,500 feet be improved also, in order that the complete highway will be available for traffic.

An agreement has already been made between the borough of Everson, the West Penn Railways Company and the State Highway Department to have the road improved but unless immediate action is taken the stretch will not be done this summer and the open road will be impassable during the winter months. The Everson company pays part of the cost and the outlay of the state, it is said, would be the cost of the highway. The stretch will be improved by the advance of the road, it is said, should be completed at once.

In addition to the letters being addressed to the State Highway Department, petitions are also being circulated and liberally signed. These will be filed soon.

At present the new road from Pennsville to Everson, a short-cut when driving to Scottsdale, is of little use during the wet weather. The dirt section near the intersection between the end of the completed highway and the bridge street, at Everson, is a bad place and scores of machines become stuck during the winter. As a result the new concrete portion was used very little.

No Plan for Union Of Coal Districts In Wage Conference

PITTSBURGH, April 21.—Publication of an alleged plan for the Pittsburgh district for a wage conference purposes appears to be wholly unfounded. A so-called "plan" of this sort has been exploited in some of the daily newspapers, but so far as can be ascertained by careful inquiry there is no warrant for any plan being proposed. The alleged "plan" has it that the Pittsburgh district, central Pennsylvania, eastern Ohio and West Virginia would get together for the purpose of negotiating a scale with the United Mine Workers of America.

The probability is that the whole plan was formulated in a newspaper office. As a matter of fact this would be very nearly a revival of the old "strike agreement" of a quarter century ago, which it debilitates forever in daily newspaper offices. When it got to working badly the recent four-state agreement was arranged to take its place. Pittsburgh operators have claimed that along that the four-state agreement was under indictment. Presumably reducing the number by one state would not make much difference.

The strike was expected to last any time from two months to six months, and there is no reason now to suppose it will last any less time. Meanwhile, no doubt, various "plans" or peace ships will be launched. The operators themselves are unlikely to expect anything approaching a settlement in the near future.

BIG ROAD BUILDING PROGRAM IN NORTH UNION TOWNSHIP

Several Miles to Be Constructed During the Summer, Says Correspondent of The Courier.

DUNBAR, April 21.—North Union township is to have several miles of improved road constructed this coming summer, work having already been begun on the Young Hollow-Mount Braddock road. This road improvement begins at a point about one-fourth mile west of Cove Run Free Methodist Church and follows the hollow up to Mount Independence School and thence northward to the terminus of the concrete road running south from Woods Crossing at Mount Braddock. The distance is approximately two miles. It is proposed to construct a macadam road and surface it with bituminous or willite. It is hardly expected the entire road will be surfaced with bituminous or willite this season, but what remains will be surfaced early the next spring.

This road is in bad condition because of the heavy rains of the winter. The greater part of the road is on Rural Route No. 1, and it is probable the national government will assist the township with this work and that the entire road will be improved.

Pennsylvania gets \$1,000,000 of the \$25,000,000 appropriated by Congress for road construction, and of that fund all townships improving post roads are supposed to have a share.

Man Loses Hope

For 10 years I suffered severely
from stomach trouble. The doctors
said I had cancer of the stomach and
nothing would do but an operation. I
took my last round of Mayr's Wonder-
ful Stomach and Half Years Ago.
Since then I sleep well, eat what I
want and feel fine. It is a simple
harmless preparation that removes the
acid mucus from the intestinal
tract and allays the inflammation
which causes practically all stomach,
liver and intestinal ailments, includ-
ing appendicitis. One dose will con-
vince or money refunded.—Advertisement.

Every American Needs Nerves of Steel Muscles of Granite and Blood of Iron

A surplus of vigor and strength is
required in these strenuous times to
maintain your position at the
"front." When you allow your
mental or physical strength to fall
and remain below par you are court-
ing certain defeat in life's pursuit.
This course of human ex-
istence demands every
ounce of vitality you can
muster. The great cry-
ing need is a healthy
brain and brawn to scale the steep
inches of human conflict and still
possess the necessary reserve force
to go over the top.

The puny, emaciated, run-down,
nervous, overwrought, lack the
"punch," the fire, the spirit and
the "pop" to accom-
plish the things a
while; to attain to the heights
of sublime
endeavor.
Cast off, then, the
burdensome handicap of a "subnor-
mal condition."
Every day, "LYKO" is making
men strong and swift—vigorous and
virile—putting them in the pink of
condition—keeping them fit to
fight the battles of life.
This wonderful tonic
will bring to you the
physical vim and the
mental keenness of per-
fect health—the capacity
to do and to dare! It will
give to you that su-
perior confidence, that
undaunted courage and that winning
power that health alone imparts.
Buy a bottle of "LYKO" today!
Then keep it on hand at all times
in the future. Take it whenever
you lack appetite, have indiges-
tion, feel exhausted, worn-out,
nervous, "upset" or debilitated
from any cause, whether from a
general run-down condition or a
specific illness. It has wonderful
health restoring powers because of
its prompt aid to Nature to re-
place worn out muscle, bone and
nerve tissue—the ideal tonic and
strength builder.

Alverton

ALVERTON, April 21.—Science Di-
rector A. D. Morganthau took his
botany class out to the woods this
afternoon to make a study of flowers.
Many people in the township are
anxiously awaiting the decision of
the court in the selection of a new
school director for East Huntingdon
township to fill the vacancy caused
by the resignation of C. L. Baile. The
selection of the new director will in
all probability take much to do with
the location of the new high school
building for next year. If a man is
selected from the upper end of the
township the high school will likely
be built at Tarr, and if a man is se-
lected from the lower end of the
township the high school will be built
at Alverton. The high school, if built
at Alverton, will be located along the
brick road, one minute's walk from
the car line, and on the five acres of
land donated to the school board by
J. L. Loucks for that purpose. Water
for the building is located here, will
be taken from this railroad. If the
building is ordered built at Tarr it
will be located in the H. C. Frick Coke
Company field, and will be five min-
utes walk from the car line and there
will be a mud road instead of a brick
road.

Tickets for the junior class play to
be given April 27, were distributed
among the students of the class to-
day.

No Old Women Nowadays.

Modern dress, hair dressers, facial experts and cosmetists all combine to keep women of all ages young and attractive in appearance. Not until the wrinkle begins to show, the first signs of age, do some ailments or weakness develop in the woman's body. Every woman owes it to herself and her family to keep herself young in appearance, and happy. When headaches, backache or "the blues" develop or when a woman reaches the trying age from 45 to 50, Lydia E. When Baby Complains.

THERE ARE MANY WAYS a baby has of expressing any pain or irregular condition from his little condition of health and happiness. A short sharp cry, a prolonged irritated cry, restlessness, a constant turning of the head or of the whole body, fretful in these and other ways a baby tells you there is something wrong. Most mothers know that a disordered stomach, or bowels that do not act naturally are the cause of most of baby's suffering. The A call for the doctor in the first thought, but in the event of any delay there should be ready at hand a safe remedy such as Fletcher's Castoria.

Castoria has been used for baby's ailments for over 30 years and has merited the good will of the family physician in a measure not equaled by any other baby's medicine because of its harmlessness and the good results secured.

And remember this: Castoria is essentially a baby's remedy and not a general for every member of the family. What is good for baby is too often dangerous when given to a baby.

Castoria always bears the signature of *Dr. J. C. Fletcher*

Pirates Take St. Louis Into Camp in Opening Game of Home Season; Score 10-5

Battle Is One of Many Blows With Great Exhibition of Fielding.

RALLY COMES IN SIXTH

The Pittsburgh Pirates proved they still have lots of punch left and showed before doubt that their team has improved since it opened the season a week ago in St. Louis by trouncing the same Cardinals, who whitewashed them in a three-game series, a stunning defeat in the opener at Pittsburgh yesterday afternoon. The score was 10-5.

The Pirates opened up their heavy guns and had the offerings of Sherdel and Gurnea, who whitewashed them in a three-game series, a stunning defeat in the opener at Pittsburgh yesterday afternoon. The score was 10-5.

The game was a free hitting one with the Blues doing most of the hitting. The Pirates were credited to the Pittsburghers and eight to St. Louis. The home outfit opened the game by immediately overcoming a one-run lead scored by the Cardinals. The Pirates added another tally in the third and St. Louis came back in the fifth when Gurnea made a circuit clout, giving the Cards an advantage again, the result standing 4-3. The Blues got their bats working in the sixth and scored three runs adding a brace to each of the exciting innings. Triples off the bats of Tierney and Maranville were responsible elements in the final scoring.

Smart fielding was a material aid in keeping down the visitors' score. McKan, a recruit right fielder, had a big hand in this, and right in the opening frame when St. Louis opened with a real bombardment. He made a circus catch of Stock's near double and just a little later raced into right center, halting Lavan's fly with the bases clogged.

Quite a crowd of Connellsville fans saw the game and were perfectly satisfied with the exhibition.

If You Suffer from Constipation Read This Message Immediately!

About 90% of this can be blamed on constipation—one of the greatest enemies of the human race! Pills and cathartics aggravate dangerous conditions in the delicate intestinal tract, while affording but temporary relief! The great, natural cleanser is bran—KELLOGG'S BRAN, cooked and kneaded! If you eat bran regularly it will give relief permanently! Its work is wonderful! Physicians endorse the use of Kellogg's Bran for constipation because it is a desirable way of correcting constipation through food. Bran is nature's food—not a "remedy"! Do not think of Kellogg's Bran as you think of pills and cathartics which never can afford permanent relief! Pills and cathartics aggravate already dangerous conditions. Kellogg's Bran sweeps the bowels naturally, cleansing and purifying the intestinal tract without irritation or discomfort! Realize, too, that the regular use of Kellogg's Bran will clear up a pimply complexion and it will free the breath from disagreeable stomach odors. At least two tablespoons should be eaten daily, and as much more as needed for relief of chronic cases. Kellogg's Bran, cooked and kneaded, is delicious served as a cereal, or it can be sprinkled over your favorite cereal, its nut-like flavor adding a delightful zest to breakfast! Kellogg's Bran is delicious in raisin bread, muffins, pancakes, gravies, etc. Start the family eating Kellogg's Bran tomorrow morning! Kellogg's will actually build up the kiddies into fine robust health! Your grocer has it.

BY ELEANOR H. PORTER

ILLUSTRATIONS BY R.H. LIVINGSTONE

(Copyright by ELEANOR H. PORTER)

My special attack of this kind came to me when I was barely eighteen, the spring I was being graduated from the Andersonville High school. And the visible embodiment of my adoration was the headmaster, Mr. Harold Hartshorn, a handsome, clean-shaven, well-set-up man of (I should judge) thirty-five years of age, rather grave, a little stern, and very dignified.

But now I adored him! How I hung upon his every word, his every glance! How I maneuvered to win from him a few minutes' conversation on a Latin verb or a French translation! How I thrilled if he bestowed upon me one of his infrequent smiles! How I grieved over his stern aloofness!

By the end of a month I had evolved this: his stern aloofness meant that he had been disappointed in love! His melancholy was loneliness—his heart was breaking. How I longed to help him, to cure him! How I thrilled at the thought of the love and companionship I could give him somewhere in a rose-embowered cottage far from the maddening crowd! (He boarded at the Andersonville hotel, alone now.) If only he could see it as I saw it. If only by some sign or token he could know of the warm love that was his but for the asking! Could he not see that no longer need he pine alone and unappreciated in the Andersonville hotel? Why, in just a few weeks I was to be through school. And then—

On the night before commencement Mr. Harold Hartshorn ascended our front steps, rang the bell, and called for my father. I knew because I was upstairs in my room over the front door, and I saw him come up the walk and stand in the doorway. He knew. He had seen it as I saw it. He had come to gain Father's permission, that he might be a duly accredited suitor for my hand!

During the next ecstatic ten minutes, with my hand pressed against my wildly beating heart, I planned my wedding dress, selected with care and discrimination my trousseau, furnished the rose-embowered cottage far from the maddening crowd—and wondered why Father did not send for me. Then the clam of the screen-door downstairs sent me to the window, a sickening terror within me.

Was he going—without seeing me, his future bride? Impossible! Father and Mr. Harold Hartshorn stood on the front steps below, talking. In another minute Mr. Harold Hartshorn had turned away, and Father had turned back on to the piazza.

An acute as I could control my shaking knees, I went downstairs. Father was in his favorite rocking-chair, I advanced slowly. I did not sit down.

"Was that Mr. Hartshorn?" I asked, trying to keep the shake out of my voice.

"Yes."

"Mr. Hartshorn," I repeated stupidly.

"Yes. He came to see me about the Downer place," nodded Father. "He wants to rent it for next year."

"To rent it—the Downer place? (The cottage far from the maddening crowd! Why, it was big, and brick, and right next to the hotel! I didn't want to live there.)"

"Yes—for his wife and family. He's going to bring them back with him next year," explained Father.

"His wife and family?" I can imagine about how I gasped out those four words.

"Yes. He has five children, I believe—and—"

But I had fled to my room. After all, my recovery was rapid. I was in love with love, you see; not with Mr. Harold Hartshorn. Besides, the next year I went to college. And it was while I was at college that I met Jerry.

Jerry was the brother of my college friend, Helen Weston. Helen's older sister was a senior in that same college, and was graduated at the close of my freshman year. The father, mother and brother came on to the graduation. And that is where I met Jerry.

If it might be called meeting him, he lifted his hat, bowed, said a polite "Oh, some friend of Helen's," with his eyes turned to a radiant blonde senior at my side.

And that was all—for him. But for me.

All that day I watched him whenever opportunity offered; and I suspect that I took care that opportunity offered frequently. I was fascinated. I had never seen any one like him before. Tall, handsome, brilliant, at per-

fect ease, he plainly dominated every group of which he was a part. Toward his father, Jerry is not conceited. I will give him credit for that. To me he did not speak again that day, but not sure that he even looked at me. If he did there must still have been in his eyes only the "Oh, some friend of Helen's" that I had seen at the morning introduction.

I did not meet him again for nearly a year; but that did not mean that I did not hear of him. I wonder if Helen ever noticed how often I used to get her to talk of her home and her family life; and how, in my mind, I was in her gallery of portraits on the mantel—there were two fine ones of her brother there.

Helen was very fond of her brother. I soon found that she loved to talk about him—if she had a good listener. Needless to say she had a very good one in me.

Jerry was an artist, it seemed. He was twenty-eight years old, and already he had won no small distinction. Pelices, medals, honorable mention, and a special course abroad—all these Helen told me about. She told me, too, about the wonderful success he had just had with the portrait of a certain New York society woman. She said that it was just going to "make" Jerry; that he could have anything he wanted now—anything.

I saw Jerry myself during the Easter vacation of my second year in college. Helen invited me to go home with her, and Mother wrote that I might go. Helen had been going with me for the Christmas vacation, and Mother and Father liked her very much. There was no hesitation; therefore, in their consent that I should visit Helen at Easter time. So I went. Helen lived in New York. Their home was a Fifth Avenue mansion with nine servants, four automobiles and two chauffeurs. Naturally such a scene of living was entirely new to me, and correspondingly fascinating. From the elaborately unfurnished footman that opened the door for me to the awe-inspiring French maid who "did" my hair, I adored them all; and my admiration was of such a nature that I forgot Jerry home from a week-end's trip—and I forgot everything else.

THE BOISSON.

"THE RIGHT THAT FAILED" is a Metro picture with Bert Lytell in the principal role. The story was transferred to the screen by Lenore Coffee, who deserves credit for the sparkling continuity. Bayard Veiller, author of "Within the Law" and "The Thirteenth Chair," who has turned to producing pictures for Metro, has done the best work of his career in making the story live as a merry tale of life, true to every detail.

The picture will also be shown tomorrow.

Monday, Tuesday and Wednesday "The Sheikh's Wife" will be presented.

THE PARAMOUNT.

"THE WISE KID," with Gladys Walton in the leading role, is the feature picture today and tomorrow. Rosie Cooper is a worldly-wise little chaser in a cheap restaurant. When a handsome young fellow with bearing and clothing that made him look like a fashion model did not have the money to pay for a big meal in the place, Rosie paid the check herself, and let herself in for an amazing sequence of adventures and thrills that only her sharp wit and courage conquered.

THE ORPHEUM.

"THE WHISTLE," the feature picture today, is a Paramount production with William S. Hart in the stellar role. A faithful dog provides many of the most pathetic touches imaginable. Little George Stone is seen as the boy who was stolen from his parents by Robert Evans (Mr. Hart) who has his own child killed through negligence in protesting shutting in the factory owned by the father of the lad.

Monday, Tuesday and Wednesday Cecil B. DeMille's "Saturday Night" will be shown.
